WILDPARK SHORFHEIDE

SALWA MUSTAFA

A FOREST EXPERIENCE—ONE HOUR FROM BERLIN

Wildpark Schorfheide is one of Brandenburg's largest wildlife parks. Home to native European wildlife, the park offers visitors an immersive experience through natural habitats, scenic walking trails, educational activities, and family-friendly attractions.

The park's mission is to connect people with nature while promoting wildlife conservation and environmental awareness.

The Question

DOES THE EXPERIENCE MATCH THE BEAUTY OF THE PARK?

Our visit revealed small moments of friction that weaken an otherwise memorable day in nature.

What we noticed

THE FOUR MOMENTS

Four moments of friction interrupt the visitor journey. Each one reveals an opportunity to strengthen the experience through four clear steps.

What we noticed

NAVIGATION

Transparent signs are difficult to notice.

What we noticed

BRANDING

The identity feels small and dated.

What we noticed

WEBSITE

Useful information lacks visual hierarchy.

What we noticed

JOURNEY

Interaction stops between key touchpoints.

SMALL CHANGES CAN MAKE A BIG DIFFERENCE

Add a weather-resistant white backing behind transparent wayfinding signs. The higher contrast makes directions easier to see without replacing the full system.

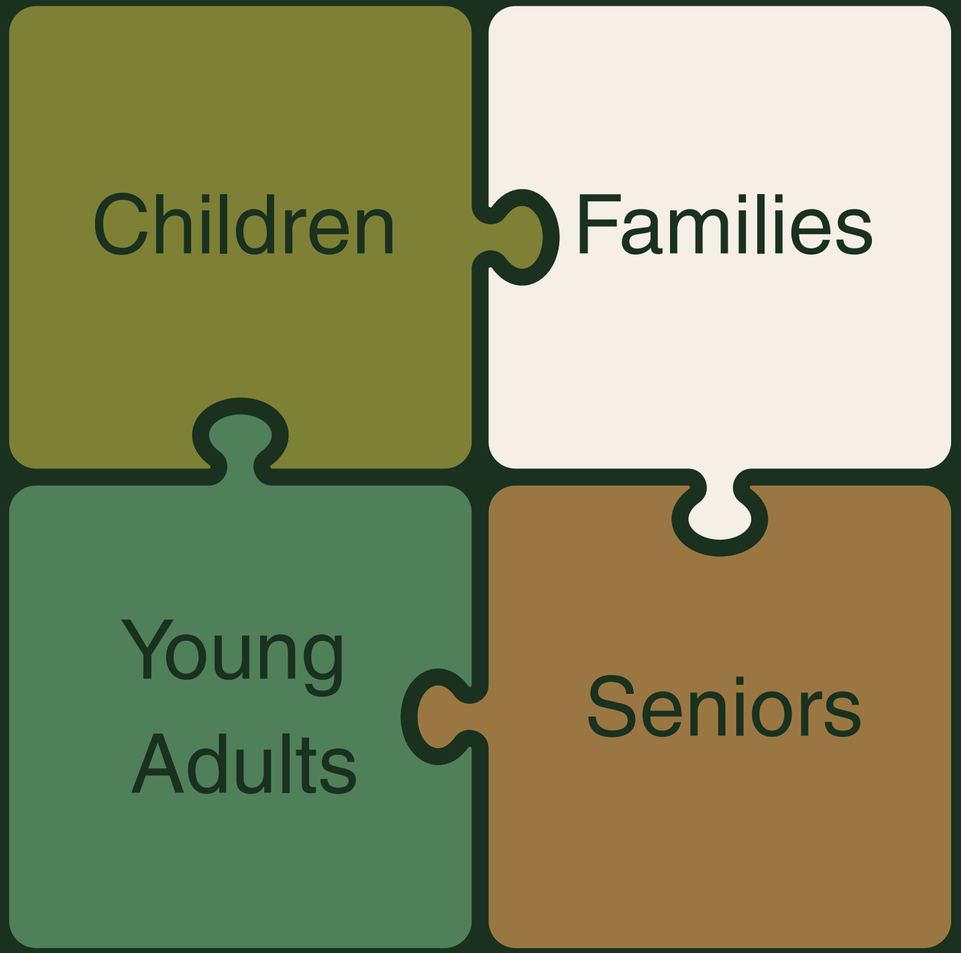

MODERNIZING EVERY VISITOR TOUCHPOINT

Who are we designing for?

ONE PARK. FOUR VERY DIFFERENT NEEDS.

A New Identity

A MARK THAT LOOKS LIKE THE PLACE

Old Logo

New Logo

A New Identity

A MARK THAT LOOKS LIKE THE PLACE

- The previous logo appears outdated and no longer reflects the modern identity of the park.
- The detailed horse illustration loses clarity at smaller sizes, making it difficult to recognize across digital and print applications.

A New Identity

A MARK THAT LOOKS LIKE THE PLACE

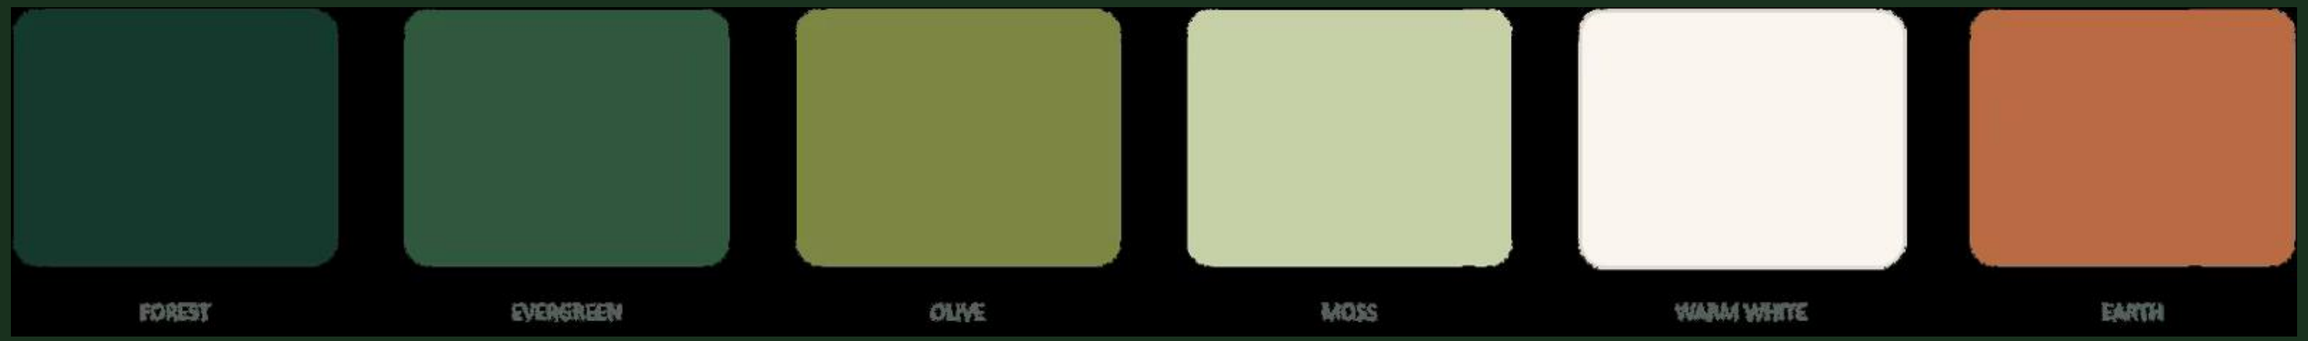

- The logo combines a pine tree and a deer to represent the two defining elements of Wildpark Schorfheide: its forest landscape and native wildlife.

- The deer was chosen because it is one of the most recognizable symbols of wildlife, allowing visitors to instantly associate the logo with nature and the park's outdoor experience.
